Robert Rosenwasser, Agent for Baleco International, Inc.  
c/o RR Consulting Services, Inc.  
273 Althea Avenue  
Morrisville, PA. 19067

Subject: 30% Non-Foaming Algaecide  
EPA Registration Number: 45458-22  
Application Date: January 7, 2013

Dear Mr. Rosenwasser:

The Agency has reviewed your submission in accordance with continuing registration under the Federal Insecticide Fungicide and Rodenticide Act (FIFRA), as amended, and determined the action to be acceptable.

In summary, your request to revise the label into a Master Label format is approved. Your request to change the primary brand name from "W-30-15" to "30% Non-Foaming Algaecide" is acceptable.

A copy of your stamped accepted label is enclosed. You must provide one copy of your finished labeling for our files. If you have any questions about this letter, please contact Tom Luminello by telephone, (703) 308-8075, or by e-mail at [luminello.tom@epa.gov](mailto:luminello.tom@epa.gov).

Sincerely,

for Jacqueline Campbell  
Product Manager 34  
Regulatory Management Branch II  
Antimicrobials Division (7510 P)

### KEEP OUT OF REACH OF CHILDREN

### CAUTION

See First Aid and Additional Precautionary Statements on side panel.

### FIRST AID

**If In Eyes:** Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice.

**If Inhaled:** Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration preferably by mouth-to-mouth, if possible. Call a poison control center or doctor for further treatment advice.

**If On Skin Or Clothing:** Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice.

**If Swallowed:** Call a poison control center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give anything by mouth to an unconscious person.

**PRECAUTIONARY STATEMENTS**  
**HAZARDS TO HUMANS AND DOMESTIC ANIMALS**

**CAUTION:** Harmful if swallowed. Avoid breathing vapors. Avoid contact with skin, eyes or clothing. Wash thoroughly with soap and water after handling.

{Environmental hazard statement for end-use products in containers less than 5 gallon liquids}

**ENVIRONMENTAL HAZARDS**

This pesticide is toxic to fish, aquatic invertebrates and clams. Do not discharge effluent containing this product into lakes, streams, ponds or estuaries, oceans or other waters unless in accordance with the requirements of a National Pollutant Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to discharging. Do not discharge effluent containing this product to sewer systems without previously notifying the local sewage treatment plant authority. For guidance, contact your State Water Board or Regional Office of the Environmental Protection Agency (EPA).

**DIRECTIONS FOR USE**

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling. This product is used to control the growth of algae in [swimming pools][and] [spas][and][hot tubs]. For maximum effectiveness [swimming pools][and][spas][and][hot tubs]containing heavy growth of algae should be cleaned prior to using this product.

{Directions to be used for swimming pool algaecide}

For pools having just visible algae growth add an initial dose of 24 to 36 fluid ounces of this product per 10,000 gallons of water and remove settled algae debris by cleaning. For treatment of freshly cleaned and filled pools add initially 13 to 24 fluid ounces of this product per 10,000 gallons of water. Subsequent additions of 4 to 9 fluid ounces of this product per 10,000 gallons of water should be made every 5 to 7 days after initial treatment for maintenance.

{Directions to be used for spa algaecide}

Spas, whirlpools, hot tubs and decorative fountains having just visible algae growth, require an initial dose of 2 to 4 fluid ounces of this product per 1,000 gallons of water. For treatment of a freshly cleaned spa, whirlpool, hot tub or decorative fountain add 1 to 2 fluid ounces of this product per 1,000 gallons of water. Subsequent additions of 0.5 to 0.8 fluid ounces of this product should be made every 5 to 7 days after initial treatment for maintenance.

*{Directions to be used for winter pool algae preventative}*

This product will prevent growth of most algae during the off season winter months when pools are not in use. For pools which have been properly treated during the swimming season and are free of visible algae, add 13 to 21 fluid ounces of algaecide per 10,000 gallons of water. If at the end of swimming season pools have some visible algae growth, add 25 to 37 fluid ounces per 10,000 gallons. It is necessary that a uniform distribution of algaecide throughout the water and the pool be made for maximum effectiveness. If pool is not covered, it may be necessary to repeat the treatment one or more times during the season.

This product is compatible with those chemicals normally used to treat pools and spas and is effective at both acid and alkaline pH. This product can be used in pools and spas treated with chlorine chemicals and may reduce the amount of those chemicals normally required. However, do not mix this product with concentrated dry or liquid chlorine products.

**STORAGE AND DISPOSAL**

Do not contaminate water, food, or feed by storage and disposal.

**PESTICIDE STORAGE:** Keep container closed when not in use. Mop up spills with clear water. All pesticides should be kept out of reach of children and stored away from food. Keep away from heat or open flame. Store in a cool, dry, well-ventilated area.

**PESTICIDE DISPOSAL:** Pesticide wastes are acutely hazardous. Improper disposal of excess pesticide, spray mixture, or rinsate is a violation of Federal Law.

**CONTAINER DISPOSAL:** Nonrefillable container. Do not reuse or refill this container. If empty: Place in trash or offer for recycling if available. If Partly Filled: Call your local solid waste agency or 1-800-CLEANUP for disposal instructions. Never place unused product down any indoor or outdoor drain.
